Training Course for trainers

“From publication to Open Access to scientific production in the area of Health”

NECOBELAC project-related activity

Place and date:

“Biblioteca Nacional de Ciencias de la Salud”, located at “La Escuela Nacional de Sanidad”, [Instituto de Salud Carlos III](#), Monforte de Lemos 5, Hall 8, 28029 Madrid
From 28 February to 2 March 2011

Getting there: The school is in a privileged place surrounded by pine trees, but not easy to reach, please see the instructions at the end of the program

Number of participants (max): 30

Target audience: Professionals from academia, research institutes or public administration with some knowledge of the issues with the aim of becoming future local trainers

Topics: Scientific publication and open access to science in the area of health and related disciplines

Teachers: NECOBELAC Partners and local specialists (TBD)

NECOBELAC aims to:

- improve **scientific writing**
- promote **open access** publication models
- foster technical and **scientific cooperation** between Europe & Latin American Caribbean (LAC) countries.

10.30-11	Coffee Break
11.30-12.30	Teamwork Presentations
12.30-13	<p>Course assessment</p> <p>Sustainability of the project activity. Paola de Castro , Istituto Superiore di Sanità (ISS)</p> <p>Wrap up</p> <p>Farewell</p>

How to get to the venue of the course?

The easiest way to get there is by taking the metro (Line 1, stop Chamartin, <http://www.metromadrid.es/es/index.html>) and then walk 10 minutes or take the bus No. 147 to stop at the Castellana street (see attached maps).
 The closest access to the School of Health is Sinesio Delgado Street, 10. In any case there will be signs for signaling.
